- Why Ask Fedora?
- Demo / Features
- Roadmap
- How to contribute?

Why Ask Fedora?

Why Ask Fedora?

- <http://ask.fedoraproject.org>
- Top down approach does not scale
- Stack Exchange / Yahoo Answers
- Askbot : Django and Python

Demo / Features

Demo / Features

- OpenID based login
- no separate registration (user/password) required
- Karma points
- Self moderating system
- Live search
- Community of experts
- Filtering and micro communities

Roadmap

Roadmap

- Per question and tag based rss feeds
- Export questions and answers as PDF
- Bounty
- Better internationalization (I18N) support
- Inline editing and Suggested edits
- Fully anonymous users
- Logo/Mascot
- Ask Fedora branded goodies and more!

How to contribute?

How to contribute?

- Hackfest tomorrow!
- <http://askbot.org>
- Small but very friendly community
- Join #askbot in irc.freenode.net (my nick is mether)
- Clone and fork git repo
<https://github.com/ASKBOT/askbot-devel>

Summary

- Ask Fedora is community support
- Powerful and easy to get started
- Lots of features and small bugfixes to work on
- Small but friendly community

An abstract graphic on the left side of the slide, featuring a large white shape that resembles a stylized 'F' or a hand, set against a background of dark blue and medium blue curved shapes.
